

**Dr. Andres Alonso CEO -Baltimore City Schools
Visits Stocks in the Future Class**

Dr. Alonso follows along as Mount Royal students learn a typical SIF lesson

Congratulations to Ms. Kia- Michelle Massey and her sixth grade class at Mount Royal Elementary Middle School. On Friday, December 16th she and her SIF class received a visit from Dr. Andres Alonso, CEO of the Baltimore City School System. He came to observe a SIF class in action and left impressed! He mentioned many adults don't even know about different investment options yet alone middle school students. These kids really know their stuff! Thank you Mount Royal Elementary/Middle for allowing us to "show off" our program to Dr. Alonso. Ms. Massey and her students did a GREAT job!!!

Ms. Massey explains to Dr. Alonso her strategy for teaching the class
